Colorado County Treasurers and Public Trustees

Grand Junction and Mesa County are ready to welcome you to your summer conference 2021! Your President and Executive Board are planning an in person conference. As we build the agenda and make arrangements we are keeping your safety top of mind. The Convention Center has provided the Association with their COVID protocols as they stand now. By June we are hoping that the entire state will be in a better category on the COVID dial and vaccines will have been widely distributed by then.

I am excited to share my community with you. Grand Junction has a lot to offer. We are booking the downtown hotels. You will absolutely love our charming downtown filled with shops and restaurants. We are contracting with a carriage company to provide historic tours by horse drawn carriage. Banquet will be held at Warehouse 2565 Wednesday night. As soon as we can wrap up our sessions on Thursday we will have a wine tour available.

Longing for social interaction and card games,

Sheila Reiner

Mesa County Treasurer and Public Trustee
